MESSAGE FROM THE SENATE

Senate Chamber,
Austin, Texas, May 8, 1935.

Hon. Coke Stevenson, Speaker of the
House of Representatives.

Sir: I am directed by the Senate
to inform the House that the Senate
has passed

S. B. No. 532, A bill to be entitled
"An Act creating the Palo Duro Can-
yon State Park Board; etc., and de-
claring an emergency."

Senate Bill No. 319, Granting Dr.
N. T. Anders and wife permission to
sue the State of Texas.

The Senate has adopted.

S. C. R. No. 55, Instructing the
Enrolling Clerk of the Senate to cor-
rect certain typographical errors in
Senate Bill No. 52.

sion to Em. Wilson and wife to sue
the State of Texas.

H. C. R. No. 143, Suspending Joint
Rules Nos. 23, 24 and 32 for purpose
of taking up and considering House
Bill No. 914 until disposed of.

Respectfully,

BOB BARKER,
Secretary of the Senate.

(Mr. Latham in the Chair.)

RELATIVE TO HOUSE BILL
NO. 327

Mr. Hankamer, a member of the
conference committee on House Bill
No. 327, asked for an expression
from the House as to whether or not
the House desired the conference
committee to retain in the bill the
appropriation of \$5,000,000, as it
passed the House, or if the House
desired the appropriation to be re-
duced to \$4,000,000.

(Speaker in the Chair.)

Mr. Wells raised the point of order
on further consideration of the re-
quest by Mr. Hankamer, on the
ground that same is in effect an in-
struction to the conference commit-
tee, and that a motion to instruct the
conferees is not in order at this time.

The Speaker overruled the point of
order.

The House, by a vote, requested
the conferees not to reduce the ap-
propriation to \$4,000,000.

TO PROVIDE FOR ADJOURNMENT SINE DIE

Mr. Keefe offered the following resolution:

H. C. R. No. 147, To provide for adjournment sine die.

Whereas, House Concurrent Resolution No. 102, fixing the date of sine die adjournment at 12 o'clock noon, Saturday, May 11th, has been heretofore passed by the House of Representatives and the Senate of the Forty-fourth Legislature; and,

Whereas, There are a number of important bills now on the calendar which the people of Texas are vitally interested in, and which sorely need to be passed so as to remedy conditions that now exist; and,

Whereas, If the Legislature adjourns sine die May 11th, proposed legislation would die on the calendar and it might be necessary for the Governor to call, at increased expense, Special Sessions to consider anew legislation now pending; now, therefore, be it

Resolved by the House of Representatives of the Forty-fourth Legislature, the Senate concurring, That the House Concurrent Resolution No. 102 be declared null and void, and the same is hereby set aside and held for naught; and, be it further

Resolved by the House of Representatives of the Forty-fourth Legislature, the Senate concurring, That the Regular Session of the Forty-fourth Legislature continue in Session without date of adjournment for the purpose of finishing its duties.

The resolution was read second time.

Mr. Roane moved to table the resolution.

Reason for Vote

I voted to adjourn on May 7th and May 11th, respectively, believing that this Legislature could and would pass all needed legislation, including tax relief, utility regulation, and revenue measures sufficient to meet the increased appropriations, current governmental expenses and to retire the astounding deficit. Now, it is apparent that the Legislature cannot complete its labors by the eleventh, and that much needed legislation will fail if the Legislature does not rescind its action on the sine die adjournment resolution and, although I do not like to see the Session continue, yet believing it to be the duty of this Legislature to continue in Session at half pay until all such needed legislation is enacted, and then adjourn. By taking this course, the Legislature can pass all needed legislation and avoid the necessity of a Special Session and save the taxpayers many thousands of dollars. I, therefore, voted for House Concurrent Resolution No. 147, rescinding the sine die adjournment resolution.

RUTTA,
WOOD of Harrison.

TO PROVIDE FOR ADJOURNMENT SINE DIE

Mr. Quinn offered the following resolution:

H. C. R. No. 148, To provide for adjournment sine die.

Whereas, The Legislature of the State of Texas, now in Session, has

heretofore voted, by joint resolution of the House and the Senate, to adjourn sine die on May 11, 1935; and,

Whereas, There are many bills of vast importance to the people of Texas now pending before said Legislature, and there is not sufficient time remaining to properly consider them; and,

Whereas, There is a need for increased revenue to overcome the heavy deficit in the State Treasury and no substantial tax-producing measures have been enacted at the present Session of the Legislature, and that it is expedient for the best interest of the people of this State to continue the present Session of the Legislature; now, therefore, be it

Resolved by the House of Representatives of the State of Texas, the Senate concurring, That the resolution heretofore passed by both houses of this Legislature, adjourning the present Session of the Legislature on May 11, 1935, be, in all things, rescinded and revoked, and that on Friday, May 10, 1935, the Legislature declare itself in recess until Monday, June 3, 1935, at 10 o'clock a. m.; and, be it further

*Resolved, That during such recess period no compensation shall be drawn by or paid to any member of the Legislature or employe thereof.

The resolution was read second time.

Mr. Roane raised a point of order on further consideration of the resolution by Mr. Quinn, on the ground that the House has heretofore defeated a similar resolution.

The Chair overruled the point of order.

Mr. Roane moved to table the resolution.

Question recurring on the motion to table, yeas and nays were demanded.

TO PROVIDE FOR ADJOURNMENT SINE DIE

Mr. McConnell offered the following resolution:

H. C. R. No. 154, To provide for adjournment sine die.

Whereas, There are pending at this time a large number of bills and resolutions covering subjects which were campaign issues during the preceding election and the people were promised action on these matters; and,

Whereas, A great portion of the time of the present Session of the Legislature has been consumed by committees in consideration of the various bills offered, and should the Legislature adjourn Saturday, May 11, 1935, this work will be entirely lost on the many bills which will then die on the calendar; and,

Whereas, Special bills which are ordinarily not filed, such as the Texas Centennial Appropriations Bill, etc., have heretofore consumed a great part of the time of the present Session, thereby causing a delay on other matters; and,

Whereas, An extension of the present Session for two additional weeks, up to and including May 25, 1935, will no doubt eliminate to the people of Texas an extra Called Session and thereby save the enormous amount of work, time and expenses which has been devoted and expended in committees and otherwise, to give many important bills their present place on the calendar; and,

Whereas, The Governor, by his message, has requested that the present Session be extended for the purpose of passing on much pending legislation; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring, That the resolution heretofore passed providing for a sine die adjournment on Saturday, May 11th, be rescinded and withdrawn and the same is hereby annulled, rescinded and withdrawn and the date of sine die adjournment be set for Saturday, May 25, 1935, in order that the Legislature may con-

sider many important bills which were part of the Democratic platform and now pending on the calendar.

The resolution was read second time.

Mr. Roane raised a point of order on further consideration of the resolution by Mr. McConnell, on the ground that the House has heretofore defeated a similar resolution.

The Chair overruled the point of order.

Mr. Roane moved to table the resolution.

Sec. 2. For the purpose of partially paying the amounts of the items specified herein for the Austin State Hospital, State Orphan Home, Texas School for the Blind, and Texas School for the Deaf, there are hereby

appropriated the interest on all securities held by these several institutions, and any balances remaining at the end of any fiscal year in the Available Lunatic Asylum Fund, Available Orphan Asylum Fund, Available Blind Asylum Fund, and Available Deaf and Dumb Asylum Fund; and said interests and balances shall be transferred by the State Comptroller and State Treasurer to the General Revenue Fund, either annually or semi-annually.

General Provisions

Sec. 3. The expenditure of the appropriations herein made shall be subject to the following provisions:

Annual Reports. (a) A report shall be made annually by the superintendent or head of each institution and filed with the State Comptroller, and a copy with the Board of Control before November 1st after the close of each fiscal year, giving an itemized statement of all moneys expended and the particular appropriation or fund from which said money was expended, including an itemized statement of all purchases or outstanding contracts remaining unpaid at the close of the fiscal year; also a statement showing the full amount of money received from all sources, and any balances.

(b) The head of each institution or agency shall keep a record of the absences of the various employees, the reasons therefor, whether from sickness, vacation or leave of absence, and incorporate this information in the institution's regular annual report made to the Board of Control.

Printing and Stationery. All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by said Board, except certain printing provided by law to be done by several of the State institutions. No embossed or engraved printing and stationery shall be purchased.

Postage Stamps. None of the money appropriated herein for postage stamps shall be spent except on warrants or checks made payable to a United States Post Office and the warrant or check shall be endorsed by the Postmaster from whom the purchase is made.

Vacation Allowance. Vacation of not exceeding twelve working days may be allowed all of the twelve-month officers and employees provided for in this Act.

Fireproof Buildings. All authorized new buildings, costing more than ten thousand dollars (\$10,000), shall be of fireproof construction, except as otherwise provided.

Traveling Expenses. None of these appropriations may be used for traveling outside of the State of Texas without the advance written consent of the State Board of Control, except in adjoining States in returning escaped inmates to institutions. Otherwise, the State Comptroller shall apply the same rules to the approval and payment of traveling expenses of the eleemosynary institutions as he applies to such expenses of the State departments.

Additional Employees' Compensation. When a necessity exists for additional help at any of the eleemosynary institutions, the Board of Control shall first give to the superintendent its written approval and consent for such employment, and such help may be paid out of any local institutional receipts, including pay-patient funds, or out of support, maintenance, repair and improvement appropriations. When any additional employees, other than those for which specific salary appropriations have herein been made, are employed, and are to be paid out of said non-salary appropriations or any other funds, such employees shall not be paid larger amounts than those provided in the specifically appropriated salaries for similar positions in such institution or agency, and in the event there are no similar positions within such institution, then such additional employees shall not be paid larger amounts than those provided for similar positions in other State institutions, departments or agencies. In the event laborers, skilled laborers and mechanics cannot be obtained at the above-mentioned salary scale, then the heads of such institutions may pay for temporary

employment only not exceeding the prevailing wage scale paid in the localities where the temporary service is to be rendered. No additional employes may be hired without the written consent of the Board of Control.

Audits. None of the appropriations herein made shall be used for employing any firm, corporation or person, excepting persons regularly and continuously employed by the institutions or the State Board of Control, to audit said institutions and agencies; provided, however, that if, in the judgment of the head or managing officers of any of said institutions or agencies, additional auditing is necessary and the State Auditor shall not have sufficient funds in his appropriation to make such audits, then the head or managing officers of any of said institutions or agencies may direct the State Comptroller to transfer in lump sum and add to the appropriation made for the State Auditor the amount necessary for the State Auditor to make such audits.

Tuberculosis Sanatorium. None of the money herein appropriated for the State Tuberculosis Sanatorium shall be used to treat any person who has not been a resident bona fide citizen of Texas for at least three years; this provision shall not apply to any child born in the State of Texas.

Alabama and Coushatti Indians. The expenditure of all money herein appropriated for the welfare of the Alabama and Coushatti Indians in Polk County, and all employes therefor, shall be under the supervision and appointment of the State Board of Control.

Perquisites of Employes. (a) When it is provided that the family of a superintendent, officer or employe of any of the said institutions are permitted to live at said institution, and are to be furnished with board, fuel, lights, laundry, water, housing, or any of said items, the word "family" shall be construed to mean the immediate family of said superintendent, officer or employe, including himself, wife and legally dependent children; and when any officer or employe is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper-accountant to charge said officer or employe with each item of provisions as furnished him, showing the price thereof; said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control, and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor. The Board of Control may authorize one of the cooks, provided in the Acts, to be assigned to the superintendent's quarters.

(b) Under direction of the Board of Control, all employes may receive board, room and laundry, except when otherwise limited.

(c) In these appropriations the Legislature has provided a fairly uniform scale of salaries for similar services throughout the institutions without, however, differentiating in the amounts to be paid employes receiving, and those not receiving, room, board and laundry from the State; and to prevent inequalities in salaries to those employes not receiving any or all of such perquisites, it is provided that the superintendents, upon the written approval of the Board of Control, may adjust such employes' salaries out of the respective support and maintenance appropriations by not exceeding ten dollars (\$10) per month each. More easily to adjust such items, proper transfers from support and maintenance to salary appropriations may be made annually or more often.

Salaries and Other General Provisions. (a) All annual salaries shall be paid in twelve equal monthly installments, except as otherwise herein provided.

(b) If any position for which a salary is herein fixed shall not be filled, then such salary shall lapse into the State Treasury. No position with a fixed salary shall be supplemented or be paid more than such specific amount out of any other funds belonging to said institution or the State; provided, that this language shall not be construed to prevent promotion or the transfer of one employe from his or her position to another position which provides a different salary, but it is specifically made the duty of

the superintendent to transfer employes to other positions when it is possible to secure more efficiency. No salary shall be paid to any person unless such person actually discharges assigned duties. Provided, that one salary at the Galveston State Psychopathic Hospital and three salaries at the State Orphans Home may be supplemented in amounts approved in writing by the Board of Control out of Federal or State appropriations or allocations made through educational agencies.

(c) The amounts appropriated in this Act are intended to cover and shall cover the entire cost of the items, and shall not be supplemented except as otherwise provided. It is especially provided hereby that all contracts and undertakings entered into, under and by virtue of the terms hereof, for specific improvements, enlargements, and repairs on buildings and grounds, and for the construction of new buildings and for furnishings and equipment of buildings, shall be made strictly within the limits and terms of the appropriations made for such purposes, and it shall be the duty of the Board of Control, in the consideration and adoption of plans, specifications and contracts therefor, not to exceed such appropriations, nor to incur any obligations in excess thereof. It is provided, however, that the superintendents of said institutions, under the direction and upon the written approval of the State Board of Control, shall be authorized to make such changes and substitutions of any amounts appropriated for maintenance, miscellaneous items, general repairs and improvements, excepting new buildings, as may be found necessary. Appropriations for buildings may include utility connections and equipment.

(d) Each of said institutions is hereby allowed from its support and maintenance or other appropriation a small revolving or petty cash expense fund not to exceed, at any one time, two thousand dollars (\$2,000) at the larger institutions and not to exceed one thousand dollars (\$1,000) at the small institutions for the purpose of making emergency payments and purchasing perishable products, and the amount allowed each institution shall be certified by the Board of Control. Also each institution operating small stores, industrial or occupational departments, including the dairy products plant at the Austin State Hospital, are hereby allowed revolving cash expense funds out of the respective institution's industrial or occupational deposits or receipts for the purpose of making emergency expenditures necessarily incurred in connection with the institution's industrial, occupational and other necessary activities, in amounts not to exceed three thousand dollars (\$3,000) at the larger institutions, except not exceeding six thousand dollars (\$6,000) at the Austin State Hospital's dairy products plant, and not to exceed one thousand dollars (\$1,000) in the smaller institutions, the amount for such purposes to be certified by the Board of Control; provided, these limitations as to amounts shall not be enforced when there is a deficit of more than one million dollars (\$1,000,000) in the General Revenue Fund.

Revolving Funds and Institutional Receipts. (a) No property belonging to any of the above institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, from the sale of crops and pay-inmate receipts, shall become and are hereby appropriated as a maintenance or contingent fund to be expended under the direction and upon approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said receipts and funds such amounts as they shall deem necessary for the support and maintenance of said institutions, including the purchase of equipment and materials for the entertainment, diversion, or therapeutic improvement of the patients and inmates; needed hospital or institutional furniture and equipment, supplies, materials, repairs, improvements, including small cottages, and contingencies; and a complete statement of all such transactions shall be made in the annual reports of said institutions. The industrial and small store receipts and funds of said institutions, including those of the Austin State Hospital dairy products plant, are hereby appropriated for the support, maintenance and operation of said enterprises and

such receipts and funds may also be used as an institutional contingent fund under the direction of the Board of Control. Any balances remaining to the credit of any of said institutional local funds at said institutions or in the State Treasury at the end of any fiscal year are hereby reappropriated for the above-mentioned purposes for each year of the biennium.

(b) Upon the approval of the Board of Control, said institutions may make just and properly due refunds of any advance payments made on behalf of pay-inmates out of the pay-inmate receipts or funds; and the Board of Control is allowed, and there are hereby appropriated out of said funds not exceeding five hundred dollars (\$500) per year for traveling expenses and such other amounts for the employment of additional help, not to exceed two employees, as shall be necessary, to be used by the Board of Control in connection with the collection of pay-inmate charges and institutional supervision, the amounts to be paid for such help not to exceed amounts paid for similar services. Refunds to patients for unused advance payments may also be made out of cash revolving funds, if directed by the Board of Control. There is also appropriated to the State Board of Control, out of any institutional receipts or funds, such amounts as may be necessary for traveling expenses and for salaries of a chief of the Division of Eleemosynary Institutions, provided for in Article 690 of the Revised Civil Statutes of 1925, and other necessary help; provided the amounts paid for such services shall not exceed the remuneration fixed for similar services.

Employment of Aliens Prohibited. It is hereby provided that none of the moneys herein appropriated shall be paid for salaries or wages for a longer period than three months to any person who is not a citizen of the United States.

United States Aid. The Board of Control, within their discretion, may take advantage of any aid extended by the Federal Government for buildings, improvements and repairs at the eleemosynary institutions.

Sec. 4. If any section, sentence, clause, or part of this Act shall, for any reason, be held to be invalid, such decision shall not affect the remaining portions of this Act, and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof, irrespective of the fact that any other sentence, section, clause, or part thereof, may be declared invalid.

Sec. 5. The fact that the above and foregoing is one of the regular appropriation bills to pay the salaries of employes, and to pay other expenses of maintaining and conducting certain eleemosynary institutions and other State agencies of the State for the two (2) fiscal years beginning September 1, 1935, and ending August 31, 1937, creates an emergency and an imperative public necessity, requiring the constitutional rule that bills be read on three several days, be suspended, and the same is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

**CONFERENCE COMMITTEE RE-
PORT ON SENATE BILL
NO. 42**

Mr. Lemens submitted the following conference committee report on Senate Bill No. 42:

Committee Room,

Austin, Texas, May 8, 1935.

Hon. Walter F. Woodul, President of the Senate, and Hon. Coke Stevenson, Speaker of the House of Representatives.

Sirs: We, your conference committee, appointed to adjust the differences between the two houses on Senate Bill No. 42, have had the same under consideration, and we recommend that said bill be passed in the form hereto attached.

"S. B. No. 42,

A BILL

To Be Entitled

An Act amending Article 5449, 1925 Civil Statutes, so as to provide that when any abstract of judgment has been recorded it shall, from the date of such record and index, operate as a lien upon all of the real

estate of the defendant situated in the county where such record and index are made and upon all real estate which defendant may thereafter acquire, situated in said county during the life of the judgment, and declaring an emergency."

Be it enacted by the Legislature of the State of Texas:

Section 1. That Article 5449 of the Revised Civil Statutes of the State of Texas, 1925 Revision; be amended so as to read as follows:

"Article 5449. When any judgment has been so recorded and indexed, it shall, from the date of such record and index, operate as a lien upon all of the real estate of the defendant situated in the county where such record and index are made, and upon all real estate which the defendant may thereafter acquire, situated in said county. Said lien shall continue during the life of said judgment; provided, however, this Act shall not be retroactive as to liens that have become dormant prior to its enactment."

Sec. 2. The fact that under amended Articles 2451 and 3773, 1925 Civil Statutes, a judgment creditor has ten (10) years from and after the date of judgment within which to have execution issued thereon, and the fact that under present Article 5449 a judgment lien shall cease to exist if the plaintiff fails to have execution issued on his judgment within twelve (12) months after the rendition thereof, which statute, if left unamended, would cause unnecessary and useless expense to litigants, creates an emergency and an imperative public necessity that the constitutional rule, requiring bills to be read on three several days in each house, be suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

Respectfully submitted,

RAWLINGS,
SMALL,
COTTEN,
HOPKINS,
VAN ZANDT,

On the part of the Senate;

LEMENS,
PATTERSON,
HANKAMER,
GRAY,
ATCHISON,
